ABOUT ME
A passionate web developer who is highly motivated to develop and learn.
Have the ability to learn independently.
Good interpersonal communication and ability to work in a team.
Personal responsibility and the ability to persevere in the tasks that I have to carry out.

EXPERIENCE
INTERNSHIP Willing-App
Willing App is a social app that connects people who need help with those who can help. As part of my job, I am responsible for developing an application using React and NodeJs.

FULLSTACK Project - Ecommerce
A web application that combines a server side and a client side, which enables the safe purchase of products.
Server side: Developed by Node.js & Express, the server manages a database which is implemented by MongoDB & Mongoose.
Client side: Developed by React.js and data management using Redux-toolkit, and styled using Tailwind css.

SKILLS
Front-end: HTML, CSS, Bootstrap, JavaScript, React
Back-end: Node.js, NoSQL- MongoDB, SQL - MySQL
